IEEEXTREME PROGRAMMING COMPETITION

IEEE
AlHussein Technical University Branch

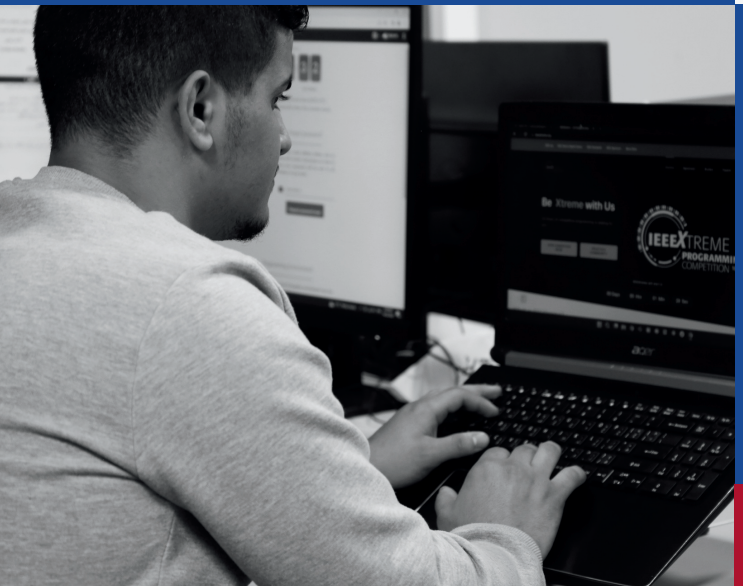

What is IEEEXtreme

IEEEXtreme is a 24-hour global programming competition where university students team up to solve challenging problems, compete against teams worldwide, and put their coding, problem-solving, and teamwork skills to the test.

Code hard. Think fast. Compete together.

IEEEXtreme 20.0

Challenge your skills with 24 hours of intense programming, teamwork, and problem-solving.

Our prizes

Compete, climb the ranks, and take home a reward.

01

300 JOD

First place. Awarded to the top-ranking team at host level.

02

200 JOD

Second place. Awarded to the runner-up team at host level.

03

100 JOD

Third place. Awarded to the third-ranking team at host level.

Prize eligibility conditions are detailed in the registration form.

How to Register

STEP 01

Register on IEEE vTools

Complete your official team registration through IEEE vTools.

Need your Ambassador ID and Proctor Number?

Contact your Student Branch Ambassador to get them. You'll enter the Ambassador ID during registration.

STEP 02

Register with the Host

Once your official registration is complete, fill out the host registration form.

Scan to Register

Before You Register

Read the participation rules and prize eligibility conditions carefully before you sign up, so you know exactly what is expected of your team.

Registration closes on **17 October 2026**. Complete both registration steps before the deadline so your team doesn't miss its spot.
